

PLUG-IN tower light with rotating mast

The tower light MAXI LIGHT PLUG-IN LED DIALUX is available for diverse rental applications and to supply the users with solid lighting equipment that is easy to transport and meets all site requirements. The additional safety functions ensure that the lamps are protected during transport.

The most flexible and the most powerful lighting solution on the market, allowing the users to connect the tower light to every type of power supply, including an auxiliary supply, a generator, and even directly to the network.

FEATURES AND BENEFITS

- Ideal for special event management, projects in urban areas, temporary roads, public construction, and lighting.
- Durable, unbreakable LED lamps: more than 20,000 hours.
- Bright coverage area of 3000 m² (20 lux on average).
- Footboard facilitates dismantling.
- Compact.
- Economical.
- Perforated lamp armatures permitting wind to blow through without causing pressure on the mast.
- The 270° degree mast rotation improves the angle and lighting surface.
