

Small concrete saw

The FRESH-CUT saw is designed as an early entry saw and helps provide crack control for light commercial applications. Features a blade guard that allows the unit to be used on green and new concrete. It allows the saw to cut dry and controls debris for easy cleanup.

FEATURES AND BENEFITS

- Complete with blade and protection plate.
- Folding handle to reduce space during transport.
- Easy access to blade shaft tensioners.
- Low-noise blade housing.
- Longevity of use.
- Robust frame.
- Use FRESH CUT for the early cutting stage-in the first hours of placing the concrete to avoid random cracks.
- Saves time and costs.
